## General Institute Requirements (GIRs)

The General Institute Requirements include a Communication Requirement that is integrated into both the HASS Requirement and the requirements of each major; see details below.

Summary of Subject Requirements	Subjects
Science Requirement	6
Humanities, Arts, and Social Sciences (HASS) Requirement [between three and five subjects can be from the Departmental Program]; at least two of these subjects must be designated as communication- intensive (CI-H) to fulfill the Communication Requirement.	8
Restricted Electives in Science and Technology (REST) Requirement	2
Laboratory Requirement (12 units) [can be satisfied by either 24.905[J] or 24.909 in the Departmental Program]	1
Total GIR Subjects Required for SB Degree	17

## **Physical Education Requirement**

Swimming requirement, plus four physical education courses for eight points.

## **Departmental Program**

Choose at least two subjects in the major that are designated as communication-intensive (CI-M) to fulfill the Communication Requirement.

	24.915	Linguistic Phonetics	
Restricted Electives			
	A coherent program of three additional subjects from 3 linguistics, philosophy, or a related area		
Į	Jnits in Major		132

The units for any subject that counts as one of the 17 GIR subjects cannot also be counted as units required beyond the GIRs.

**Unrestricted Electives** <sup>2</sup>

Units in Major That Also Satisfy the GIRs

Total Units Beyond the GIRs Required for SB Degree

- Students who do not use 24.905[J] or 24.909 to satisfy the Laboratory Requirement may count a sixth subject from within the Departmental Program toward the HASS Requirement.
- This chart has been calculated based on an overlap of 36 units (three subjects) between the HASS General Institute Requirement and the departmental requirements. Students who develop a program of study with more overlap will be able to select more unrestricted electives to meet the number of total units beyond the GIRs required for an SB degree.

- Students may select a logic subject from another department (e.g., Mathematics) with the approval of their major advisor.
