PHILOSOPHY (COURSE 24-1)

Department of Linguistics and Philosophy (http://catalog.mit.edu/schools/humanities-arts-social-sciences/linguistics-philosophy/#undergraduatetext)

Bachelor of Science in Philosophy

General Institute Requirements (GIRs)
The General Institute Requirements include a Communication Requirement that is integrated into both the HASS Requirement and the requirements of each major; see details below.

Summary of Subject Requirements

</table>

Physical Education Requirement
Swimming requirement, plus four physical education courses for eight points.

Departmental Program
Choose at least two subjects in the major that are designated as communication-intensive (CI-M) to fulfill the Communication Requirement.

Required Subjects
Select one introductory philosophy subject (number range 24.00-24.09) 2
Select one of the following History of Philosophy subjects: 3
24.01 Classics of Western Philosophy
24.201 Topics in the History of Philosophy (CI-M)
Select one of the following Knowledge and Reality subjects: 2
24.05 Philosophy of Religion
24.081[J] Philosophical Issues in Brain Science
24.09 Minds and Machines
24.111 Philosophy of Quantum Mechanics
24.112 Space, Time, and Relativity

Restricted Electives
Select a coherent program of five additional subjects, two of which must be in philosophy, with approval of the major advisor.

Unrestricted Electives 5

The units for any subject that counts as one of the 17 GIR subjects cannot also be counted as units required beyond the GIRs.

1 No more than four of the total number of philosophy subjects for the major may be introductory philosophy subjects. At least three of the total number of philosophy courses must be at the 200 level or above.
The introductory subject cannot also be used as a departmental distribution subject. Students may substitute an appropriate philosophy concourse subject.

Students may substitute another subject with a history of philosophy orientation, with the approval of the major advisor in consultation with the instructor.

Students may select a logic subject from another department (e.g., Mathematics) with the approval of their major advisor.

This chart has been calculated based on an overlap of 36 units (three subjects) between the HASS General Institute Requirement and the departmental requirements. Students who develop a program of study with more overlap will be able to select more unrestricted electives to meet the number of total units beyond the GIRs required for an SB degree.
