MINOR IN LATIN AMERICAN AND LATINO/A STUDIES

The Minor in Latin American and Latino/a Studies is designed for students interested in the languages, history, politics, and cultures of Latin America and in its presence in the United States. Students are encouraged to develop a program that is both international and comparative in perspective, and that takes into account the heterogeneous cultural experiences of people living in the vast territory encompassed by the term Latin America, as well as of those living in the United States who identify themselves as Latino/a.

The minor consists of six subjects (at least three of which must be MIT subjects, including required subject 17.55[J] Introduction to Latin American Studies), arranged in four areas of study:

- **Area I: Language**
- **Area II: Humanities and the Arts**
- **Area III: Social Sciences**
- **Area IV: Historical Studies**

Subjects in Latin American and Latino/a Studies are also available from Harvard University and Wellesley College through cross-registration. Students must receive permission from the minor advisor prior to registering for a class at another institution.

Five of the six subjects taken for the minor may be counted toward the eight-subject HASS Requirement. Of these five, at most one may count toward the distribution component of the HASS Requirement.
