International Graduate Admissions

Graduate student applicants who are citizens of countries other than the United States must have received a bachelor's degree or its equivalent from a college, university, or technical institute of acceptable standing. The academic record and all credentials must indicate the ability of the candidate to complete the approved program of graduate study and research. Applicants are evaluated by the academic departments. Admission is granted on a competitive basis. Competence in written and spoken English is expected.

Students whose native language is not English and whose schooling has not been predominantly in English may be required to submit scores from the International English Language Testing System (IELTS) or the Test of English as a Foreign Language (TOEFL). Inquiries about specific testing requirements for admission should be addressed to the appropriate graduate department.
