INSTITUTE FOR DATA, SYSTEMS, AND SOCIETY

Undergraduate Study

Minor in Statistics and Data Science

The Minor in Statistics and Data Science (*https://catalog.mit.edu/interdisciplinary/undergraduate-programs/minors/statistics-data-science*) provides students with a working knowledge base in statistics, probability, and computation, along with an ability to perform data analysis. For a description of the minor, see Interdisciplinary Programs (*https://catalog.mit.edu/interdisciplinary/undergraduate-programs*).
