MASTER OF SCIENCE IN TECHNOLOGY AND **POLICY**

Institute for Data, Systems, and Society (http://catalog.mit.edu/ schools/mit-schwarzman-college-computing/data-systems-society/ #master-technology-policy)

The Master of Science in Technology and Policy, designed to be completed in two years, requires 84-90 units of coursework plus a master's thesis that builds on the student's concentration.

Core Subjects		,	
IDS.411	Concepts and Research in Technology and Policy	9	
Select one of the following:		12	
6.7900	Machine Learning		
14.381	Estimation and Inference for Linear Causal and Structural Models		
17.800	Quantitative Research Methods I: Regression		
IDS.131[J]	Statistics, Computation and Applications		
Students who elect to take an entional internship			

Students who elect to take an optional internship between the first and second academic year typically must register for IDS.449, particularly if internship funding has been secured from TPP or if the internship is part of curricular practical training.

Total Units

Framework Sub	jects		
15.011	Economic Analysis for Business Decisions	9-12	
or 14.003	Microeconomic Theory and Public Policy		
IDS.412[J]	Science, Technology, and Public Policy	12	
One Restricted elective in Law, Social Science, or Statistics ¹			
Engineering Systems Concentration			
Select three graduate subjects that form a coherent sequence in technology and policy/social sciences. Concentration requires approval from both the research supervisor and TPP administration. ²			
Thesis Requirer	nent		
	complete a research-based thesis on choice that has been approved by the or.		
IDS.THG	Graduate Thesis	24	

A list of candidate subjects is maintained by the program.

105-111

TPP academic advisors may suggest subjects, depending on a student's background, research interests, and academic goals.
