<tbody>
<tr>
<td>15.002 Leadership Challenges for an Inclusive World 2</td>
<td>1</td>
</tr>
<tr>
<td>15.010 Economic Analysis for Business Decisions</td>
<td>9</td>
</tr>
<tr>
<td>15.280 Communication for Leaders</td>
<td>9</td>
</tr>
<tr>
<td>15.311 Organizational Processes</td>
<td>9</td>
</tr>
<tr>
<td>15.515 Financial Accounting</td>
<td>9</td>
</tr>
</tbody>
</table>

**MBA Core Elective**

Select one of the following subjects:

- 15.401 Managerial Finance
- 15.814 Marketing Innovation
- 15.900 Competitive Strategy

### Leaders for Global Operations Content

- 15.086 Engineering Probability
- 15.316 Building and Leading Effective Teams
- 15.317 Leadership and Organizational Change 3
- 15.761 Introduction to Operations Management 4
- 15.769 Operations Strategy
- 15.794 Research Project in Operations 6

One 3-unit subject in Python 2

At least two graduate-level engineering subjects, chosen with the advisor

**Thesis**

Thesis (X.THG) 4

### Total Units

<tbody>
<tr>
<td>15.066[i] System Optimization and Analysis for Operations</td>
<td>12</td>
</tr>
<tr>
<td>15.087 Engineering Statistics and Data Science</td>
<td>12</td>
</tr>
</tbody>
</table>

One 3-unit subject in Python 2

At least two graduate courses in Aeronautics and Astronautics, chosen with the advisor

#### Engineering Electives 3

At least two graduate-level engineering subjects, chosen in consultation with the advisor

#### Thesis

Thesis (X.THG) 4

### Total Units

</tr>
</thead>
<tbody>
<tr>
<td>Total Units</td>
<td>90</td>
</tr>
</tbody>
</table>

1 Completion of 15.066[i] and 15.087 fulfill the Aero/Astro Math Requirement for LGO students.
2 This subject is taught at the undergraduate level and does not count toward the units required for the degree.
3 The number of units for Aero/Astro Required Subjects and for Engineering Electives represent the minimum requirement. Actual units may be higher based on the subjects chosen.
4 All LGO students must fulfill the 24-unit minimum dual-degree thesis requirement based on the internship. By incorporating management and engineering content from the respective specialty, students fulfill the thesis requirement for the Master of Business Administration (or Master of Science in Management) and the Master of Science in the engineering specialty. The thesis units are applied to the home department (through which the student applied to LGO) and the thesis subject number registration depends on the student’s primary department. Consult the LGO program guide or program officer prior to thesis registration.

3 Taken during the first summer and final spring for 6 units each, with deliverables during LGO internship on-site period.
4 For Operations Research students, this subject is usually approved as an OR Elective.
5 This 2-unit subject is taken twice during the program.
6 Taken over multiple terms for a total of 18 units.
7 Operations Research students must take 15.066[i] System Optimization and Analysis for Operations and 15.087 Engineering Statistics and Data Science as part of their electives.
