MBA Core Elective

Select one of the following subjects:

- 15.401 Managerial Finance
- 15.814 Marketing Innovation
- 15.900 Competitive Strategy

Leaders for Global Operations Content

- 15.086 Engineering Probability | 3 |
- 15.316 Building and Leading Effective Teams | 4 |
- 15.317 Leadership and Organizational Change | 12 |
- 15.761 Introduction to Operations Management | 9 |
- 15.769 Operations Strategy | 9 |
- 15.792 Global Operations Leadership Seminar | 4 |
- 15.794 Research Project in Operations | 18 |

One 3-unit subject in lean operations | 3 |
One 3-unit practical leadership subject | 3 |
One 6-unit plant tour and partner integration subject | 6 |

Unrestricted Electives

Select at least 40 units of graduate-level subjects. No more than three subjects can be taken in departments other than Management.

Total Units 157

SM in Civil and Environmental Engineering Program Requirements

One 3-unit subject in Python

Civil and Environmental Engineering Subjects 36

Graduate-level subjects in CEE

Engineering Electives

Any graduate-level engineering subject(s) | 6 |

Thesis (X.THG) | 24 |

Total Units 90

1 This subject is taught at the undergraduate level and does not count toward the units required for the degree.
2 Chosen CEE subjects (http://catalog.mit.edu/subjects/) cannot be cross-listed with Management subjects (15.XX) unless approved by the advisor.
3 The number of Engineering Electives units represents the minimum requirement. Actual units may be higher based on the subjects chosen.
4 All LGO students must fulfill the 24#unit minimum dual-degree thesis requirement based on the internship. By incorporating management and engineering content from the respective specialty, students fulfill the thesis requirement for the Master of Business Administration (or Master of Science in Management) and the Master of Science in the engineering specialty. The thesis units are applied to the home department (through which the student applied to LGO) and the thesis subject number registration depends on the student’s primary department. Consult the LGO program guide or program officer prior to thesis registration.

LGO students must complete Ethics Module only of MBA Core LEAD Requirement.

Taken during the first summer and final spring for 6 units each, with deliverables during LGO internship on-site period.

For Operations Research students, this subject is usually approved as an OR Elective.

This 2-unit subject is taken twice during the program.

Taken over multiple terms for a total of 18 units.

Operations Research students must take 15.066[J] System Optimization and Analysis for Operations and 15.087 Engineering Statistics and Data Science as part of their electives.

LGO students do not take 15.060 Data, Models, and Decisions in the MBA core.
