**MBA Core Elective**

Select one of the following subjects:
- 15.401 Managerial Finance
- 15.814 Marketing Innovation
- 15.900 Competitive Strategy

**Leaders for Global Operations Content**

- 15.086 Engineering Probability 3
- 15.316 Building and Leading Effective Teams 4
- 15.317 Leadership and Organizational Change 3
- 15.761 Introduction to Operations Management 4
- 15.769 Operations Strategy 9
- 15.794 Research Project in Operations 6

One 3-unit subject in lean operations 3
One 3-unit practical leadership subject 3
One 6-unit plant tour and partner integration subject 6

**Unrestricted Electives**

Select at least 40 units of graduate-level subjects. No more than three subjects can be taken in departments other than Management. 7

**Total Units** 157

---

2 LGO students must complete Ethics Module only of MBA Core LEAD Requirement.
3 Taken during the first summer and final spring for 6 units each, with deliverables during LGO internship on-site period.
4 For Operations Research students, this subject is usually approved as an OR Elective.
5 This 2-unit subject is taken twice during the program.
6 Taken over multiple terms for a total of 18 units.
7 Operations Research students must take 15.066[J] System Optimization and Analysis for Operations and 15.087 Engineering Statistics and Data Science as part of their electives.

**SM in Electrical Engineering and Computer Science Program Requirements**

One 3-unit subject in Python 1

**EECS Electives** 2

EECS graduate subjects, chosen in consultation with advisor 2, 3

**Thesis (X.THG)** 4

Total Units 90

---

1 This subject is taught at the undergraduate level and does not count toward the units required for the degree.
2 The number of units for EECS Electives (http://catalog.mit.edu/subjects/6) represent the minimum requirement. Actual units may be higher based on the subjects chosen.
3 LGO EECS students fulfill one unit of the Professional Perspective requirement for EECS master’s students through 15.794 with research at internship.
4 All LGO students must fulfill the 24-unit minimum dual-degree thesis requirement based on the internship. By incorporating management and engineering content from the respective specialty, students fulfill the thesis requirement for the Master of Business Administration (or Master of Science in Management) and the Master of Science in the engineering specialty. The thesis units are applied to the home department (through which the student applied to LGO) and the thesis subject number registration depends on the student’s primary department. Consult the LGO program guide or program officer prior to thesis registration.
