

## LEADERS FOR GLOBAL OPERATIONS MBA AND SM IN ENGINEERING

### Master of Business Administration (or Master of Science in Management) and Master of Science in Nuclear Science and Engineering

Leaders for Global Operations (<http://catalog.mit.edu/interdisciplinary/graduate-programs/leaders-global-operations>)

#### MBA Program Requirements

MBA Coursework <sup>1</sup>		
15.002	Leadership Challenges for an Inclusive World <sup>2</sup>	1
15.010	Economic Analysis for Business Decisions	9
15.280	Communication for Leaders	9
15.311	Organizational Processes	9
15.515	Financial Accounting	9
<b>MBA Core Elective</b>		<b>9</b>
<i>Select one of the following subjects:</i>		
15.401	Managerial Finance	
15.814	Marketing Innovation	
15.900	Competitive Strategy	
<b>Leaders for Global Operations Content</b>		
15.086	Engineering Probability	3
15.316	Building and Leading Effective Teams	4
15.317	Leadership and Organizational Change <sup>3</sup>	12
15.761	Introduction to Operations Management <sup>4</sup>	9
15.769	Operations Strategy	9
15.792[J]	Global Operations Leadership Seminar <sup>5</sup>	4
15.794	Research Project in Operations <sup>6</sup>	18
One 3-unit subject in lean operations		3
One 3-unit practical leadership subject		3
One 6-unit plant tour and partner integration subject		6
<b>Unrestricted Electives</b>		
Select at least 40 units of graduate-level subjects. No more than three subjects can be taken in departments other than Management. <sup>7</sup>		40
<b>Total Units</b>		<b>157</b>

<sup>1</sup> LGO students do not take 15.060 Data, Models, and Decisions in the MBA core.

<sup>2</sup> LGO students must complete Ethics Module only of MBA Core LEAD Requirement.

- <sup>3</sup> Taken during the first summer and final spring for 6 units each, with deliverables during LGO internship on-site period.
- <sup>4</sup> For Operations Research students, this subject is usually approved as an OR Elective.
- <sup>5</sup> This 2-unit subject is taken twice during the program.
- <sup>6</sup> Taken over multiple terms for a total of 18 units.
- <sup>7</sup> Operations Research students must take 15.066[J] System Optimization and Analysis for Operations and 15.087 Engineering Statistics and Data Science as part of their electives.

#### SM in Nuclear Science and Engineering Program Requirements

LGO Required Engineering Subjects		
15.066[J]	System Optimization and Analysis for Operations	12
15.087	Engineering Statistics and Data Science	12
One 3-unit subject in Python <sup>1</sup>		
<b>NSE Required Subjects</b>		
Two specialized subjects in NSE <sup>2</sup>		24
<i>Select two of the following subjects:</i>		12
22.11	Applied Nuclear Physics	
22.12	Radiation Interactions, Control, and Measurement	
22.13	Nuclear Energy Systems	
22.14	Materials in Nuclear Engineering	
22.15	Essential Numerical Methods	
22.16	Nuclear Technology and Society	
<b>Engineering Electives</b>		
Any graduate subject in engineering <sup>3, 4</sup>		6
<b>Thesis (X.THG) <sup>5</sup></b>		<b>24</b>
<b>Total Units</b>		<b>90</b>

<sup>1</sup> This subject is taught at the undergraduate level and does not count toward the units required for the degree.

<sup>2</sup> Recommended fields of specialization include nuclear reactor engineering, nuclear reactor physics, nuclear materials, fusion, nuclear security policy, and nuclear science and technology.

<sup>3</sup> The number of units for Engineering Electives represents the minimum requirement. Actual units may be higher based on the subjects chosen.

<sup>4</sup> Consult department for restrictions.

<sup>5</sup> All LGO students must fulfill the 24#unit minimum dual-degree thesis requirement based on the internship. By incorporating management and engineering content from the respective specialty, students fulfill the thesis requirement for the Master of Business Administration (or Master of Science in Management) and the Master of Science in the engineering specialty. The thesis units are applied to the home department (through which the student applied to LGO) and the thesis subject number registration depends on the student's primary department. Consult the LGO program guide or program officer prior to thesis registration.
