

PHYSICS (COURSE 8)

Bachelor of Science in Physics (Flexible Option)

General Institute Requirements (GIRs)

The General Institute Requirements include a Communication Requirement that is integrated into both the HASS Requirement and the requirements of each major; see details below.

Summary of Subject Requirements	Subjects
Science Requirement	6
Humanities, Arts, and Social Sciences (HASS) Requirement; at least two of these subjects must be designated as communication-intensive (CI-H) to fulfill the Communication Requirement.	8
Restricted Electives in Science and Technology (REST) Requirement [can be satisfied by 8.03 or 8.04, and 18.03 in the Departmental Program]	2
Laboratory Requirement (12 units) [satisfied by 8.13 or equivalent in the Departmental Program]	1
Total GIR Subjects Required for SB Degree	17

Physical Education Requirement

Swimming requirement, plus four physical education courses for eight points.

Departmental Program

Choose at least two subjects in the major that are designated as communication-intensive (CI-M) to fulfill the Communication Requirement.

Required Subjects	Units
18.03 Differential Equations ¹	12
8.03 Physics III	12
8.04 Quantum Physics I	12
8.044 Statistical Physics I	12
8.21 Physics of Energy	6-12
or 8.223 Classical Mechanics II	
<i>Select one of the following:</i>	9-12
8.05 Quantum Physics II	
8.20 Introduction to Special Relativity	
8.033 Relativity	
<i>Select one of the following experimental experiences, subject to the approval of the department:</i>	18
8.13 Experimental Physics I (CI-M)	
A laboratory subject of similar intensity in another department	
An experimental research project or senior thesis ²	

An experimentally oriented summer externship

Restricted Electives	
At least one subject in the Department of Physics in addition to those listed above ³	12
Three subjects forming one intellectually coherent unit in some area, not necessarily physics, subject to the approval of the department	36
Units in Major	129-138
Unrestricted Electives	66-87
Units in Major That Also Satisfy the GIRs	(24-36)
Total Units Beyond the GIRs Required for SB Degree	180

The units for any subject that counts as one of the 17 GIR subjects cannot also be counted as units required beyond the GIRs.

¹ 18.032 Differential Equations is also an acceptable option.

² Not more than 30 units of thesis credit may be included in the minimum units beyond the General Institute Requirements required for the SB degree.

³ Subject descriptions identify subjects that cannot be used for this purpose.

Communication-Intensive Subjects in the Major

To satisfy the requirement that students take two CI-M subjects, students must select two of the following:

8.06	Quantum Physics III	12
8.13	Experimental Physics I	18
8.14	Experimental Physics II	18
8.226	Forty-three Orders of Magnitude	12
12.410[[Observational Techniques of Optical Astronomy	15
STS.042[[Einstein, Oppenheimer, Feynman: Physics in the 20th Century	12
