MIT offers eight interdisciplinary undergraduate degrees:

- **Chemistry and Biology** (http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/chemistry-biology), a joint program offered by the Departments of Chemistry and Biology (School of Science).

- **Climate System Science and Engineering**, a joint program offered by the Department of Civil and Environmental Engineering (School of Engineering) and the Department of Earth, Atmospheric and Planetary Sciences (School of Science).

- **Computation and Cognition** (http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/computation-cognition), a joint program offered by the Department of Electrical Engineering and Computer Science (School of Engineering) and the Department of Brain and Cognitive Sciences (School of Science).

- **Computer Science and Molecular Biology** (http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/computer-science-molecular-biology), a joint program offered by the Department of Electrical Engineering and Computer Science (School of Engineering) and the Department of Biology (School of Science).

- **Computer Science, Economics, and Data Science** (http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/computer-science-economics-data-science), a joint program offered by the Department of Electrical Engineering and Computer Science (School of Engineering) and the Department of Economics (School of Arts, Humanities, and Social Sciences).

- **Humanities** (http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/humanities), a program offered by the Department of Humanities that encompasses six fields of interdisciplinary study.

- **Humanities and Engineering** (http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/humanities-engineering), a joint program in which a student combines coursework from a degree program in the School of Engineering and one of 17 programs in the School of Humanities, Arts, and Social Sciences.

- **Humanities and Science** (http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/humanities-science), a joint program in which a student combines coursework from a degree program in the School of Science and one of 17 programs in the School of Humanities, Arts, and Social Sciences.

- **Urban Science and Planning with Computer Science** (http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/urban-science-planning-computer-science), a joint program offered by the Department of Urban Studies and Planning (School of Architecture and Planning) and the Department of Electrical Engineering and Computer Science (School of Engineering).

### Interdisciplinary Undergraduate Degrees
