The Biomedical Engineering Minor (BME) program requires a total of seven subjects selected from a series of categories as outlined below.

**Programming and Computational Modeling Core**

- 6.100A  Introduction to Computer Science  
- 6.100B  Introduction to Computational Thinking and Data Science

**Mathematics Core**

*Select two of the following options:*  

**Option A**
- 18.03  Differential Equations

**Option B**
- 18.06  Linear Algebra

**Option C**

*Select one of the following:*  

- 1.010  Probability and Causal Inference
- 6.3700  Introduction to Probability
- 9.067  Statistics for Brain and Cognitive Science

**Human Physiology Core**

*Select one of the following:*  

- 6.4820[J]  Quantitative and Clinical Physiology
- 7.20[J]  Human Physiology
- 9.01  Introduction to Neuroscience

**Biomedical Engineering and Applications**

*Select three of the following:*  

- 2.184  Biomechanics and Neural Control of Movement
- 2.750[J]  Medical Device Design
- 3.052  Nanomechanics of Materials and Biomaterials
- 3.054  Cellular Solids: Structure, Properties, Applications
- 3.055[J]  Biomaterials Science and Engineering
- 6.4530[J]  Principles and Practice of Assistive Technology
- 6.4810[J]  Cellular Neurophysiology and Computing
- 7.37[J]  Molecular and Engineering Aspects of Biotechnology
- 9.17  Systems Neuroscience Laboratory
- 9.24  Disorders and Diseases of the Nervous System

**Total Units: 78-84**

A maximum of four subjects taken for the biomedical engineering minor can also count toward a major or another minor.

1. Contact minor advisor for additional 6-12 unit subjects that satisfy requirement.
2. Subject has prerequisites that are outside of the program.
3. At least one of the subjects must be taken outside the student’s major. See the BME Minor website (https://be.mit.edu/academic-programs/current-undergraduate/minor-programs/minor-program-biomedical-engineering) for potential substitutions.
4. Approved biomedical engineering UROPs with sufficient medical focus carried out by students with junior or senior standing with prior approval may be substituted for up to 12 units.

Students should consult with their departmental BME minor advisor, preferably in sophomore year and no later than Add Date of spring term junior year, to choose a course of study, which must be approved in advance by the BME minor advisor. For the list of BME minor advisors and other information, please visit the Biological Engineering website (http://be.mit.edu) or contact the BE Academic Office, Room 16-267, 617-253-1712.
